Dear Parent/Guardian,

Palestine ISD is dedicated to the education of students, but first and foremost, we are dedicated to the safety of our students. Although the school district makes every effort to maintain student safety, accidental injuries sometimes happen at school.

Palestine ISD maintains supplemental accident insurance to cover injuries incurred while the student is participating in a school sponsored athletic event. However, **no other injuries, including those that may occur in classes (including P.E.) are covered** by the school district's supplemental insurance.

For this reason, I want to make you aware of supplemental accident insurance that is available for parents/guardians to purchase. This insurance is not through the school district, but can be purchased online through Health Special Risk, Incorporated.

For additional information or to sign up for student accident insurance coverage through Health Special Risk, Inc., please visit the website listed below:

Sincerely,

Jason Marshall
