Palestine ISD uses Instructional Technology as one way of enhancing the mission to prepare and inspire all students for life-long success by teaching the skills, knowledge and behaviors students will need as responsible citizens in a global community. Students learn collaboration, communication, creativity and critical thinking in a variety of ways throughout the school day. Excellence in education requires that technology is seamlessly integration throughout the school day. In an effort to increase access to those 21st century skills, Palestine ISD has made it a goal to use a phased-in, age appropriate process incorporating mobile devices in the classroom through the Learning 24/7 initiative. This initiative is a carefully constructed process that takes into account the age of the students and how curriculum is best presented. The individual use of the technology is a way to empower students to maximize their full potential and to prepare them for college and the workplace.

An important component of the L24/7 program will be the education about digital citizenship and appropriate online behaviors. We will review cyber-safety rules with students frequently throughout the school year, and will offer reminders and reinforcement about safe online behaviors. It is also an opportunity for teachers to show students how to use technology responsibly and teach them Internet etiquette.

The policies and procedures and information within this document apply to all mobile devices used in Palestine ISD. Teachers may see additional requirements for use in their classroom.

Mobile Device Student Agreement

Terms:
You are responsible for payment of an annual, non-refundable use and maintenance fee of $25 before taking possession of the property. You will comply at all times with Palestine ISD’s Student/Parent/Mobile Device Handbook and Agreement and the Student Responsible Use Guideline (RUG), incorporated herein by reference and made part hereof for all purposes. Any failure to comply may result in disciplinary action and/or terminate you rights of possession effective immediately and the District may repossess the property. Financial Hardships
Based on TEC 11.158, the school district may require payment of a reasonable fee, not to exceed the actual maintenance cost for the use of a musical instrument, [technology] and uniforms owned or rented by the district.

If the mobile device use and maintenance fee creates a financial hardship that will prevent the student from obtaining a mobile device, please contact the campus administrator about payment options. It is the goal of PISD to work with every family to ensure all students are able to receive a mobile device.

Note: Unpaid fees will put students on the Not-Clear list.

Wireless Internet Access
Wireless Internet access is provided by Palestine ISD on the High School campus, as well as outside the building in the Student Parking Lot. As soon as the student logs into the campus network, internet access is available.
Students may also access the internet using personal internet connectivity at home or anywhere WIFI is available.

**Internet Content Filtering**

Internet content filtering is provided by Palestine ISD. The mobile device will be configured to pass through the internet content filter provided by the school whenever and wherever the student accesses the internet even while off campus. The District may log and report a variety of information documenting student internet activity. Information derived from these logs and reports may be used for disciplinary purposes.

There are many sites on the Internet that can be potentially dangerous to minors. These sites are blocked while students are logged on the District network, but may be unprotected at home. Students are in violation of district policy if they access these sites through proxies. **Students and parents are responsible exhibiting good digital citizenship skills.** Parents may want to restrict their home access. **It is the responsibility of the parent to monitor student use at home.** For information about Internet safety and digital citizenship, go to [www.isafe.org](http://www.isafe.org) or [www.commonsensemedia.org](http://www.commonsensemedia.org).

**Responsibilities**

**Student**

- Students will use school technology for educational purposes and will not use any resource (games, social media sites, messaging, etc.) in a manner that disturbs the learning process.
- Students will **only** use the school issued Apple ID and password to download apps, curriculum and access icloud.com on a school device. **Students may not use personal Apple ID’s on school issued devices.**
- Students are responsible at all times for their mobile device, whether at home or school.
- Students are responsible for bringing their mobile device to school every day.
- Students are responsible keeping their mobile device in the school-issued protective cover at all times.
- Students should not loan their mobile device or any component to another student for any reason.
- Students are responsible for charging and maintaining the battery in their mobile device daily.
- Students are responsible for reviewing and abiding by the Palestine ISD Student Technology Responsible Use Guidelines.
- Students are responsible to follow existing copyright laws.
- Students are responsible to notify staff members whenever they come across information or messages that are inappropriate, dangerous, threatening, or make them feel uncomfortable.
- Students are responsible to notify staff if they are aware of a security problem. This notification should be done without discussing it with other students.
- Students will not mark, write and/or decorate, etc. on the school-issued protective cover. If the student deliberately damages the cover, they will be held responsible for the replacement cost.

Parent

- Parents are responsible for monitoring the student’s use of the mobile while at home and away from campus at all times.
- Parents are responsible for reviewing the Palestine Acceptable Use Policy with their student.
- Parents are responsible for monitoring their student’s activities on the internet on a regular basis.

Mobile Device Care & Maintenance

Students are responsible for the general care of their mobile device they have been issued by the school. Mobile devices that are broken or fail to work properly must be taken to the Help Desk. The school district will be responsible for repairing mobile devices that malfunction. Mobile Devices that have been damaged from normal use or accidentally will be repaired according to the warranty/insurance deductibles. Students will be entirely responsible for the cost of repairs to mobile devices that are damaged intentionally or negligent.

Using Your Mobile Device at School

Mobile devices are intended for use at school each day. In addition to teacher expectations for mobile device use, school messages, announcement, calendars, and schedules may be accessed using the mobile device. Students must be responsible to bring their mobile device to all classes, unless specifically instructed not to do so by their teacher.

- Students may connect to internet outside of school but must understand they are still using school equipment and the rules and policies still apply.
- Students are also encouraged to backup all of their work. It is the student’s responsibility to ensure work is not lost due to mechanical failure or accidental deletion. Mobile device malfunctions are not an acceptable excuse for not submitting work.
- PISD makes no guarantee that their network will be up and running 100% of the time. In the rare case that the network is down, the District will not be responsible for lost or missing data.

Mobile Device Student Code of Conduct

Unacceptable conduct includes, but is not limited to the following:

- Using the network for illegal activities, including copyright license, or contract violations or downloading inappropriate materials, viruses, and/or software, such as but not limited to hacking and host file-sharing software.

• Access to another person’s account, device or computer without their consent or knowledge is considered hacking is unacceptable.
• Sexting is not a singular thing. It covers a range of possible actions and motivations. Sexting is online communication involving youth produced sexually explicit or suggestive images created and shared through the use of personal communication technologies. Students are subject to school related discipline and/or legal consequences.
• Students who are found using school-issued technology that disturbs the learning process may be subject to disciplinary actions and/or legal consequences.

Internet-Terms and Conditions
The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. These guidelines are provided so that you are aware of the responsibilities you are about to acquire. In general, this requires efficient, ethical and legal utilization of the network resources. If a Palestine ISD user violates any of these provisions, his or her current access will be terminated and future access may be denied.
• Acceptable Use – The purpose of providing Internet access through the District Internet Portal is to enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. The use of the internet and e-mail must be in support of education and research consistent with the educational objectives of Palestine ISD. Use of other organizations’ networks or computing resources must comply with the rules appropriate for the network. Transmission of any material in violation of any US or state regulation is prohibited. This includes, but is not limited to copyrighted material, threatening, obscene or lewd material or material protected by trade secret.

• All use of the mobile devices shall be consistent with the purpose and goals of Palestine ISD. Successful operation of the computer system requires that its users regard the mobile device as a shared resource. It is therefore imperative that members conduct themselves in a responsible, ethical and polite manner while using the computer system.

• The intent of mobile devices and this policy is to ensure that all uses of the mobile device are consistent with the purposes of the District. The policy does not attempt to articulate all the required or proscribed behavior by its users. Rather, in any specific situation, each individual’s judgment of appropriate conduct

Student Code of Conduct-Misbehaviors and Consequences

Consequences are at the discretion of the administration and will based on the offense of the student, intent of the student, and the student’s disciplinary history. Parents will be notified when content is removed from a student device and violates the Mobile Device Handbook and/or the PISD Responsible Use Guidelines.

Special Note: Cyberbullying

Cyberbullying is defined as the use of any internet – connected devices for the purpose of bullying, harassing, or intimidating another student. This includes but may not be limited to:

• Sending an abusive text message to cell phone, computers, or internet – connected devices.
• Posting abusive comments on someone’s blog or social networking site (ie. Facebook, Twitter, Instagram, any other social networking site or chatting site)
• Creating a social networking site or web page that masquerades as the victim’s personal site and using it to embarrass him or her.
• Making it appear that the victim is posting malicious comments about friends to isolate him or her from friends.
• Posting the victim’s personally identifiable information on a site to put them at greater risk of contact by predators.
• Sending abusive comments while playing interactive games.
• Recording and distributing media with the intent to manipulate or embarrass others.
Mobile Device Repair

Palestine ISD is committed to the importance of students being able to continue their work if their device is experiencing problems. To assist with this problem the District is providing a Help desk. The days and hours of operation will be posted on each campus.

Loaner Devices

If a student’s device is damaged, it will be repaired as quickly as possible. If available and a device cannot be repaired within 24 hours, a loaner device may be issued. The policies outlined in the handbook also apply to loaner devices. A device will not be provided if the damage is determined to be purposeful.
